Under CALOSHA Covid-19 Emergency Temporary Standards (ETS), employers are required to determine the COVID-19 vaccination status of their employees (as well as contractors, volunteers, and others who regularly work onsite). In light of this requirement, you are being asked to provide the information requested below.

Please note that you are required to provide accurate information about your vaccination status in response to the questions below, or alternatively may decline to provide your vaccination status. If you decline to provide information about your vaccination status, we will be required to assume you are unvaccinated for purposes of rules or requirements in the workplace that are different for vaccinated or unvaccinated employees. For example, if requirements on face coverings allow fully vaccinated employees not to wear face coverings in certain settings, the information collected below will be used to determine whether you will be required to wear a face covering in those settings.

For purposes of this attestation, you are considered “fully vaccinated” if you received, at least 14 days prior, either the second dose in a two-dose COVID-19 vaccine series or a single-dose COVID-19 vaccine. Vaccines must be FDA approved; have an emergency use authorization from the FDA; or, for persons fully vaccinated outside the United States, be listed for emergency use by the World Health Organization (WHO).
